DISCRIMINATION: Letter Drive Urged For 61 Housing Law

By ROBERT HILTMAN

A letter drive urging action on the 61 housing law was announced by Mrs. Mary R. Allen, chairman of the State Housing Coordinating Council. The drive is scheduled for January 16, 1961.

"The 61 housing law," Mrs. Allen said, "is needed now more than ever to provide decent housing for all people in the state. It is time that we acted on this law and made it work for everyone in Washington."

At least 10,000 letters will be sent out, according to Mrs. Allen. She said that the letters will be sent to state legislators, members of Congress, and local officials throughout the state.

A letter from Mrs. Allen to Senator B. F. Anderson, chairman of the Senate Housing Committee, stated that the 61 housing law is "long overdue." She urged him to take "immediate action to make this law work for everyone in Washington."
